

Dr. Armour over the past three years has received funding in excess of \$10,000 from the Social Security Administration's Retirement Research Consortium and Disability Research Consortium, RAND's Institute for Civil Justice, the National Institute of Occupational Safety and Health, the Department of Defense's Office of Warrior Care Policy, the Consumer Financial Protection Bureau, and the Department of Labor's Employee Benefits Security Administration.

This research was supported by the U.S. Social Security Administration through grant #1 DRC12000002-05 to the National Bureau of Economic Research as part of the SSA Disability Research Consortium. The findings and conclusions expressed are solely those of the author(s) and do not represent the views of SSA, any agency of the Federal Government, or the NBER. Other than this, the author declares that he has no other relevant or material financial interests that relate to the research described in this paper.
